### ***Our Purpose/Mission***

To plan and lead worship services that draw us all towards God, to relate to Him and to be transformed by Him. We want to honour God in all that we do and our desire is that people will leave church knowing they have encountered and experienced the living God.

## *Our Purpose/Mission*

The Contemporary Congregation exists to provide all of the key aspects of healthy church life so as to significantly enhance the effectiveness of Mornington Presbyterian Church, for those who identify with more contemporary worship. Some of those aspects of church life will however be carried out in conjunction with the Traditional Congregation (i.e. they won't be associated exclusively with either congregation.)

## *Our Values*

## *Our Vision*

(For June 2017)

The Contemporary Congregation will be a positive, vibrant community of people who enjoy worshipping and serving together. Members will feel well cared for, will be helped to grow in their faith, and will be encouraged and helped to serve and to engage in disciple-making.

A significant and valued part of the community consists of Asians (or other immigrants) and we are making genuine efforts to be multicultural.

The primary "growth engine" will be missional communities.
